

M:2:I Individual Task Report

Weekly individual task reports are due no later than 12:00 p.m.

Project Information	
Project Name	MAVRIC
Team name	MAVRIC Science
Your Name	Josh Simac
Week Number	13
Individual Status Report	
My tasks are currently:	On Track

Please put any comments below on your status with your tasks.

Last week, we had finished the part, but we decided that it was better to not do something that complicated. The part is done, but we aren't using it. This week, I learned that we may try to enter the Canadian rover challenge, so we will have to modify our science rig for the competition. For tomorrow, we will be machining parts to get the rig operational for the milestones and possibly the competition.

Task Report			
Task	Due Date	Progress	Status
Add holes to top collar in Solidworks	1/27/2018	100%	On Track
Upload all weekly reports to GitHub	2/17/2018	100%	On Track
Test run the soil collection	2/17/2018	100%	On Track
Work with Colin to secure the collar	2/24/2018	100%	On Track
Help design a wire brush connector	3/31/2018	100%	On Track
