

M:2:I Individual Task Report

Weekly individual task reports are due no later than 12:00 p.m.

Project Information	
Project Name	MAVRIC
Team name	Mechanical
Your Name	Riley Roche
Week Number	9
Individual Status Report	
My tasks are currently:	On Track

Please put any comments below on your status with your tasks.

I fractured my leg last week, so unfortunately I could not help with manufacturing suspension components. I worked with the electrical team lead to locate rover modules on the top plate and preliminarily design a mast camera case and cradle. I will flush out that design and update the design of the end effector over spring break. I will also assist in the design of the robotic arm. All of these things will be ready for manufacture upon return to school on March 19th.

Task Report			
Task	Due Date	Progress	Status
Design Mast Camera Case and Cradle	3/19/2018	20%	On Track
Update End Effector Design	3/19/2018	50%	On Track
Arm Design	3/19/2018	80%	On Track
