

M:2:I Individual Task Report

Weekly individual task reports are due no later than 12:00 p.m.

Project Information		
Project Name	MAVRIC	
Team name	Electrical Team	
Your Name	Alex Vande Loo	
Week Number	14	
Individual Status Report		
My tasks are currently:	On Track	

Please put any comments below on your status with your tasks.

This week I worked with the enviroPhat. I researched how to set it up and initialize it on a pi, then I went on to hook it up so that I could get analog output from it and read it onto the pi. I got this so it would display the voltage being input to the hat.
